MINUTES:

Members had not had an opportunity to review the August 2012 minutes. As such, the Chair postponed the vote until the October 2012 meeting.

CORRESPONDENCE:

Mr. Mulé was not present at the September 19th, 2012 meeting so Ms. Russo reviewed the correspondence with the Council.

- US Department of the Interior, Fish and Wildlife Service: Comments on Bergen Point Outfall Replacement Project

Ms. Russo noted that the US Department of the Interior, Fish and Wildlife Service acknowledged receipt of the project EAF and coordinated review and stated that no further Endangered Species Act coordination or consultation was required. There were no concerns.

- Regina Seltzer, Esq., Long Island Pine Barrens Society: Memorandum of Law Pertaining to Proposed Sale of Land by Suffolk County

In response to the sale of County-owned land in Yaphank Ms. Seltzer incorrectly stated that if a project is not a Type II Action than an EIS must be prepared. It was also incorrectly stated that an EIS on a previously proposed action is insufficient even though the document evaluated a surplus sale under existing zoning as an alternative to the Legacy Village proposal. Ms. Seltzer asserts that a determination of significance cannot be rendered with no intended use for the property; our rational basis for doing so was a sale of raw land under existing zoning with no development proposed. It was also noted that on September 13th, 2012 the Suffolk County Legislature voted to sell this property and confirmed our recommendations of a Type I – Negative Declaration.

- NY State office of Parks, Recreation and Historic Preservation: Comments on Bergen Point Outfall Replacement Project

Ms. Russo noted that the NY State office of Parks, Recreation and Historic Preservation acknowledged receipt of the project EAF and coordinated review and stated that the project does not pose potential environmental impacts to historic/cultural resources on NYS Parkland.

- Cornell Cooperative Extension: Email regarding SPDES MS4 permit requirements

The email notified the Council of a public comment opportunity on the new draft SPDES MS4 permit requirements. The Draft “Retrofit Program Plan Guidance document for Pathogen Impaired Watershed MS4s on Long Island” is available on DEC’s website and the comment period ends on October 3rd, 2012.

PUBLIC PORTION:

No comments were presented at this time.

HISTORIC TRUST DOCKET:

Mr. Martin updated the Council on the following:

Housing Program:

- There has been no change in the program. There is full occupancy. All available vacancies have been filled. Work is still ongoing on other County residences before they will be able to be rented.

Custodial Agreements:

- The Suffolk County Office of Historic Preservation is still working with the Department of Law on the custodial agreement with the L.I. Maritime Museum. It is taking longer than usual as this is a rather complicated agreement due to the number of structures and activities on the site.

New State Initiative – Path through History:

- This is Governor Cuomo's new State initiative to promote historic sites in New York State as part of his tourism program. The program includes new signs to be posted along the highways indicating where historic sites are located. Mr. Martin was assigned to the committee to offer suggestions on which sites to include. He has engaged the Historic Trust Committee to help in contributing suggestions on other sites. He indicated that if anyone has any suggestions on sites to include in the program they can get in contact with him.

The Council had some discussion and suggestions on making the signage more appealing.

PROJECT REVIEW:

Recommended Type I Actions:

Proposed Sewer District #3 – Southwest Bergen Point Wastewater Treatment Plant Outfall Replacement Project, Town of Babylon

Ms. Taylor, with the assistance of Commissioner Anderson and Mr. Donovan gave a presentation to address outstanding issues raised by the Council at the July 2012 meeting. Major topics included disposal issues, storm sure contingencies, environmental impacts to staging areas, effect of sea level rise, tunnel integrity, and the fate of the existing outfall pipe.

After more in depth discussions on these issues and having all prior questions answered, Mr. Kaufman made a motion to classify the project as a Type I action with a negative declaration. Ms. Growney seconded the motion. Ms. Spencer and Mr. Machtay abstained. Motion carried.

PUBLIC PORTION:

Mr. Finkenberg noted that he hasn't seen any nests in the barrier island staging area. It was noted from Ms. Taylor that DEC would weigh in on the issue through the permitting process. Mr. Gulbransen noted that he just wanted to make sure that it was considered. Commissioner

Anderson noted that the County must still go through the DEC permitting process which would address this issue as they go forward and answer any questions to that regard.

Mr. Tollefsen argued benefits of direct effluent discharge into the Great South Bay. He mentioned that EPA's definition of a no discharge zone doesn't apply here and only refers to boating not municipal treatment plants. He wanted to note that this is a new concept and there is science behind it that shows that the increased nitrogen load would have a beneficial impact to resident shellfish.

Recommended Type II Actions:

Proposed Ratification of Recommendations for Legislative Resolutions Laid on the Table August 21, 2012.

Mr. Kaufman made a motion to accept staff recommendations for the August 21, 2012 Legislative Resolutions. The motion was seconded by Mr. Machtay. Motion carried.

Proposed Ratification of Recommendations for Legislative Resolutions Laid on the Table September 13, 2012.

Mr. Kaufman made a motion to accept staff recommendations for the September 13, 2012 Legislative Resolutions. The motion was seconded by Mr. Machtay. Motion carried.

OTHER BUSINESS:

- Update on new EAFs and workbooks
The effective date of the new EAFs has been pushed back to April 1, 2013 to allow for the development of the workbooks used to assist in their preparation.
The Draft workbook for the short EAF is posted on the DEC website and is available for review.
Comments on the draft will be received until October 22, 2012.

CAC CONCERNS:

Joy Squires wanted to mention the Conference on the Environment is on October 10th and will send the Council an email regarding the new format and additional information regarding the cost.

MEMORANDUM

TO: Honorable Steven Bellone, Suffolk County Executive
Honorable William J. Lindsay, Presiding Officer

FROM: Gloria Russo, Chairperson

DATE: September 24, 2012

RE: CEQ Review of the Proposed Sewer District #3 – Southwest Bergen Point Wastewater Treatment Plant Outfall Replacement Project, Town of Babylon

At its September 19, 2012 meeting, the CEQ reviewed the above referenced matter. Pursuant to Chapter 450 of the Suffolk County Code, and based on the information received, as well as that given in a presentation by Mary Anne Taylor, P.E. with CDM Smith and Gil Anderson and John Donovan with the Suffolk County Department of Public Works, the Council advises the Suffolk County Legislature and County Executive, in CEQ Resolution No. 57-2012, a copy of which is attached, that the proposed project be considered a Type I Action under SEQRA that will not have significant adverse impacts on the environment.

If the Legislature concurs with the Council on Environmental Quality's recommendation that the project will not have a significant adverse impact on the environment, the Presiding Officer should cause to be brought before the Legislature for a vote, a resolution determining that the proposed action is a Type I Action pursuant to SEQRA that will not have significant adverse impacts on the environment (negative declaration). However, if the Legislature has further environmental concerns regarding this project and needs additional information, the Presiding Officer should remand the case back to the initiating unit for the necessary changes to the project and EAF or submit a resolution authorizing the initiating unit to prepare a draft environmental impact statement (positive declaration).

Enclosed for your information is a copy of CEQ Resolution No. 57-2012 which sets forth the Council's recommendations. The project EAF and supporting documentation can be viewed online at <http://www.suffolkcountyny.gov/Departments/Planning/Boards/CouncilonEnvironmentalQuality>
If the Council can be of further help in this matter, please let us know.

CEQ RESOLUTION NO. 57-2012, RECOMMENDATION CONCERNING A SEQRA CLASSIFICATION AND DETERMINATION FOR THE PURPOSES OF CHAPTER 450 OF THE SUFFOLK COUNTY CODE FOR THE PROPOSED SEWER DISTRICT #3 – SOUTHWEST BERGEN POINT WASTEWATER TREATMENT PLANT OUTFALL REPLACEMENT PROJECT, TOWN OF BABLYON

WHEREAS, at its September 19, 2012 meeting, the Suffolk County Council on Environmental Quality (CEQ) reviewed the EAF and associated information submitted by the Suffolk County Department of Public Works and their contractor CDM Smith; and

WHEREAS, a presentation regarding the project was given at the meeting by Mary Anne Taylor with CDM Smith and Gil Anderson and John Donovan with the Suffolk County Department of Public Works; and

WHEREAS, the Bergen Point Wastewater Treatment Plant (WWTP) discharges treated effluent through a 32,000 foot long outfall pipe constructed in 1977 which consists of a 72-inch diameter pre-stressed concrete cylinder pipe (PCCP) and concrete lined steel pipe; and

WHEREAS, the 15,300 foot long PCCP section of the outfall starts at the WWTP effluent pump station and extends beneath the floor of the Great South Bay to the barrier island; and

WHEREAS, the Suffolk County Department of Public Works (SCDPW) has become aware of PCCP failures throughout the world relating to the breaking of the pre-stressed wires in the pipe; and

WHEREAS, SCDPW implemented a three month monitoring program in 2003 to assess the condition of the PCCP portion of the outfall which revealed a significant number of wire breaks within the pipe and after further testing it was determined that the pipe condition was compromised, and that the pressure rating of the outfall had been significantly reduced; and

WHEREAS, the proposed project involves the replacement of the deteriorated section of the existing Bergen Point Wastewater Treatment Plant outfall pipe with a newly constructed lined tunnel to be installed below the bottom of Great South Bay; now, therefore, be it

1st RESOLVED, that based on the information received and presented, a quorum of the CEQ hereby recommends to the Suffolk County Legislature and County Executive that the proposed activity be classified as a Type I Action under the provisions of Title 6 NYCRR Part 617.4(b)(10) and Chapter 450 of the Suffolk County Code; and, be it further

2nd RESOLVED, that based on the information received, a quorum of the CEQ recommends to the Suffolk County Legislature and County Executive, pursuant to Title 6 NYCRR Part 617 and Chapter 450 of the Suffolk County Code, that the proposed project will not have significant adverse impacts on the environment for the following reasons:

1. the proposed action will not exceed any of the criteria set forth in Title 6 NYCRR Part 617.7 which sets forth thresholds for determining significant effect on the environment, as

demonstrated in the Environmental Assessment Form, the Engineering Design Report dated May 2011, additional supporting documentation submitted and the discussions and deliberations contained within the meeting records of the CEQ;

2. after review of an economic and environmental alternatives analysis contained within the May 2011 Engineering Design Report, the proposed alternative appears to be the least environmentally damaging practicable alternative;
3. most of the construction associated with the proposed action would occur underground to avoid impacts to the Great South Bay and surrounding environments;
4. access shaft construction will use ground freezing technology to further reduce impacts to the surrounding area;
5. the proposed alternative does not include the installation of carrier pipes and therefore the tunnel size could be reduced further mitigating impacts;
6. impacts resulting from project implementation will be limited to short-term construction-related impacts in the previously disturbed, invasive-species dominated shaft construction areas which will be subject to an approved site restoration plan;
7. all work conducted will be done so in accordance with all applicable Federal, State and local permitting requirements;
8. if not addressed, it is likely that the existing outfall pipe will fail and result in the discharge of treated effluent directly into Great South Bay;

and, be it further

3rd RESOLVED, that it is the recommendation of the Council that the Legislature and County Executive adopt a SEQRA determination of non-significance (negative declaration).

RE: CEQ Review of the Recommended SEQRA Classifications of Legislative Resolutions
Laid on the Table August 21, 2012

At its September 19, 2012 meeting, the CEQ reviewed the above referenced matter. Pursuant to Chapter 450 of the Suffolk County Code, and based on the information received, the Council recommends to the Suffolk County Legislature and County Executive in CEQ Resolution No. 58-2012, a copy of which is attached, that the enclosed list of legislative resolutions laid on the table August 21, 2012, be classified pursuant to SEQRA as so indicated in the left hand margin. The majority of the proposed resolutions are Type II actions pursuant to the appropriate section of Title 6 NYCRR Part 617.5, with no further environmental review necessary. Unlisted and Type I actions require that the initiating unit of County government prepare an Environmental Assessment Form (EAF) and submit it to the CEQ for further SEQRA review and recommendations.

Enclosed for your information is a copy of CEQ Resolution No. 58-2012 setting forth the Council's recommendations along with the associated list of legislative resolutions. If the Council can be of further help in this matter, please let us know.

RE: CEQ Review of the Recommended SEQRA Classifications of Legislative Resolutions
Laid on the Table September 13, 2012

At its September 19, 2012 meeting, the CEQ reviewed the above referenced matter. Pursuant to Chapter 450 of the Suffolk County Code, and based on the information received, the Council recommends to the Suffolk County Legislature and County Executive in CEQ Resolution No. 59-2012, a copy of which is attached, that the enclosed list of legislative resolutions laid on the table September 13, 2012, be classified pursuant to SEQRA as so indicated in the left hand margin. The majority of the proposed resolutions are Type II actions pursuant to the appropriate section of Title 6 NYCRR Part 617.5, with no further environmental review necessary. Unlisted and Type I actions require that the initiating unit of County government prepare an Environmental Assessment Form (EAF) and submit it to the CEQ for further SEQRA review and recommendations.

Enclosed for your information is a copy of CEQ Resolution No. 59-2012 setting forth the Council's recommendations along with the associated list of legislative resolutions. If the Council can be of further help in this matter, please let us know.
